Odessa College sees record enrollment for fall 2009

ODESSA (Sept. 16, 2009) – Odessa College’s fall 2009 enrollment numbers are 5,189 which is an 11 percent increase from fall 2008’s enrollment of 4,674 students. **The fall 2009 enrollment number is the highest fall enrollment number in the college’s history breaking the former fall enrollment record of 5,040 in fall 1997.** These enrollment numbers include the flex numbers.

OC President Dr. Gregory Williams said Odessa College is pleased that its enrollment numbers continue to increase.

“Our plans are to persist in serving our community even more effectively in the future so that more students will be able to reach their educational goals,” he said. “I am very proud of the entire Odessa College team. They have worked tirelessly in an attempt to create an environment that is student centered, student focused, and directed toward the educational needs of our community and its students.”

Williams added, “Odessa College understands that each student who enrolls has an educational goal in mind. We want to help our students achieve that success so that they can do more to positively impact their families and community. We realize that our community is counting on us to provide a state of the art, first class college environment for all who enter our doors. We believe we are doing that and more. I hope the outstanding citizens in our community
