### About TPS

The Texas Photographic Society, founded in 1985, is a **nonprofit organization** of amateur and professional photographers dedicated to supporting contemporary photography as a means for creative expression and cultural insight. TPS focuses on furthering the educational and artistic development of its members while involving the community by sponsoring exhibitions, publications, workshops, and programs.

TPS boasts **over 1,200 active members** from 48 states, D.C., and 9 countries. Although Texas based, over half of the membership resides outside the state. Many notable figures in the photographic arts come to Texas to exhibit at TPS events, host workshops, or jury TPS exhibitions. TPS is funded by members' dues, contributions from individuals, corporations, foundations, and grants from the Texas Commission on the Arts.
