Fall 2010 Schedule of Courses

Advanced Registration

Online registration begins Monday, April 19. In person registration is April 19 to August 21. Early registration assures the best selections of classes and guarantees a spot in the course. When your registration is processed, you will get a copy of your schedule and the bill for your tuition. Payment date will be noted on your bill. If you do not pay by then, you will be dropped from the computer and will have to register right before the semester begins. Below you will find class selections for the photo major with the schedule of general education requirements. Many student elect to take general education course during the midwinter or summer to lighten their course load during the fall and spring semesters. Students are encouraged to stay within their degree plan or discuss alternatives with Steve.
