

BIOL 2401.139
Anatomy and Physiology I
Summer 2011

Course Duration	June 6 – July 7, 2011
Modality	Web enhanced
Credits	4 sch
Instructor	Dr. James Morris
Office	WH 102A
Phone/voice mail	(432) 335-6532
Email address	jmorris@odessa.edu

Course Description: This is the first semester of a two-semester course in which anatomy and physiology are integrally presented. Students learn anatomic and physiologic terminology, the principles of the relationships between form and function and basic mathematical calculations converting between the metric and English systems of measurement. Students also learn specific information about and concepts of basic chemistry, cell structure and chemistry, cell reproduction and tissue structure. The anatomy and physiology of four of the body's 11 systems are also presented. In laboratory investigations students acquire knowledge about bones, muscular function and microscopic examination of tissues. Lab fee is required.

Prerequisites: Pass reading on THEA or COMPASS and be eligible for College Algebra by passing math on THEA or COMPASS or by passing the developmental math sequence. Corequisite: HPRS 1106 (or consent of department chair).

SCANS: 1,3,6,9

Course objectives:

1. The student will be able to recognize and use the language and mathematical conversions required for exploration in the scientific and medical fields.
2. The student will be able to identify the molecules that are the building blocks of the human body.
3. The student will learn the basic chemistry needed to conceptualize the inner workings of the body's organ systems.
4. The student will be able to identify the activities of various cellular structures responsible for maintaining life.
5. The student will be able to identify the structures and functions of the first four organ systems, as well as how each system interacts with the others.

Required Books:

Textbook: *Human Anatomy & Physiology*, 8th ed., by Elaine N. Marieb.

Lab Manual: *Human Anatomy & Physiology Laboratory Manual*, 9th ed., by Elaine N. Marieb

Grading and evaluation:

Lecture Exams	(400 pts)
Final Exam:	(200 pts)
Synapse Tutor Lab	(50 pts)
Laboratory	(250 pts)

Grades will be based on a percentile scale. At the end of the semester, earned points will be divided by the total number of available points and multiplied by 100 to give a final average percentile score. A = 90 – 100%, B = 80 – 89%, C = 70 – 79%, D = 60 – 69%, F = Below 60%

All Grades will be rounded to the nearest whole number. Lab grades will be combined with lecture grades for the final reported class grade. The student is responsible for keeping their own grades. Attendance is required in all lecture and lab periods. A tardy will be recorded as an absence. Three or more absences may result in a lower grade.

Make-ups: If a family crisis, severe illness or other emergency causes you to miss an exam, it is **your** responsibility to make arrangements for a make-up exam to be taken before the next class meeting following the exam. If it is known prior to a lab practical that it will be missed, arrangements should be made to take the practical during another lab. Prior permission of all involved instructors must be obtained. Lab practicals must be taken during one of the regularly scheduled lab periods. **NO EXCEPTIONS.**

Statement of Special Accommodations: Odessa College complies with Section 504 of the Vocational Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. If you have any special needs or issues pertaining to your access to and participation in this or any other class at Odessa College, please feel free to contact me to discuss your concerns. You may also call the Office of Disability Services at 335-6861 to request assistance and accommodations.

Plagiarism: Any work submitted for a grade that is not the individual student's original work will be subject to a grade of zero and/or dismissal from the course with a grade of 'F' as determined by the instructor.

Tutor Lab Requirement: Students are required to spend at least one hour per week in the tutor lab which is called the Synapse Lab. Attendance and assignments will determine the tutor lab points. Student I.D. is required for participation in the Synapse.

Conduct: Cell phones and pagers should be turned off during class. If circumstances require you to leave your communication devices turned on, put them on vibrate. These devices should not interrupt the class.

Interaction and discussion is encouraged. However, discussion should be courteous and not conducted when the instructor or fellow students are talking. Disruptions of any kind may result in removal from the classroom.

Cheating and plagiarism **will not be tolerated.** If the instructor feels that a student is either cheating or plagiarizing at any time, the student will immediately received a grade of "zero" for that assignment. Repeat offenses will result in removal from the course with a grade of "F".

Grievances: Odessa College policy requires that student grievances first be discussed with the instructor. Unresolved issues may then be discussed with the instructor's immediate supervisor.

Course Requirements:

Lecture, Tegrity viewing, one hour a week in Synapse Tutorial Lab required, Exams

Please note that this schedule is subject to change at any time.

Learning Resource Center (Library): The Library, known as the Learning Resource Center, provides research assistance via the LRC's catalog (print books, videos, e-books) and data bases (journal and magazine articles). Research guides covering specific subject areas, tutorials, and the "Ask a Librarian" service provide additional help.

Student E-mail: Please access your Odessa College Student E-mail, by following the link to either set up or update your account: <http://www.odessa.edu/gmail/>. **All assignments or correspondence will be submitted using your Odessa College email.**

Student Portal: Please access your Odessa College Student E-mail, by following the link to either set up or update your account: <http://www.odessa.edu/gmail/>. **All assignments or correspondence will be submitted using your Odessa College email.**

Technical Support: For Blackboard username and password help and for help accessing you online course availability and student email account, contact the Student Success Center at 432-335-6878 or online at https://www.odessa.edu/dept/ssc/helpdesk_form.htm.

Important School Policies: For information regarding student support services, academic dishonesty, disciplinary actions, special accommodations, or student's and instructor's right to academic freedom can be found in the Odessa College Student Handbook.

Tentative Lecture Schedule

June	Mon	6	Intro to class; Ch. 1 Human Organization
		7	Ch. 2: Chemistry
		8	Ch. 2: Continued
	Mon	9	Ch. 3 Cells
		10	Ch. 3 Cells continued
		13	Exam 1 (1-3) Ch. 4: Histology
		14	Ch. 4: Histology continued
	Mon	15	Ch. 5: Integumentary
		16	Ch. 6: Skeletal System
		20	Exam 2 (4-6) Ch. 8: Joints
21		Ch. 8: Joints continued	
22		Ch. 9: Muscular System	
Mon	23	Ch. 11: Nervous System	
	27	Exam 3 (8,9,11) Ch. 12: Central Nervous System	
	28	Ch. 12: CNS continued	
	29	Last day to drop with a "W" Ch. 13: PNS	
July	Mon	30	Ch. 14: ANS
		4	Holiday (No Class)
		5	Exam 4 (12-14) Ch. 15 Special Systems
		6	Special Systems continued
		7	Final Exam (Including Ch. 15)

Anatomy and Physiology I

Tentative Laboratory Schedule Summer I 2011

Lab Manual: *Human Anatomy and Physiology Laboratory Manual*, 9th ed., Marieb

Lab Atlas: *Atlas of Anatomy and Physiology*, 4th ed., Eder, Kaminsky and Bertram

Policies: Six equally weighted lab practical examinations will be given. Each practical examination will be worth 100 points. The average of these exams will be a percentage of your total Anatomy and Physiology I grade. The actual percentage will depend on your lecture instructor. See your instructor's lecture syllabus for the exact composition of your grade.

The laboratory portion of Anatomy and Physiology is designed to provide a "hands-on" learning experience; therefore, participation in all laboratory periods is necessary to fully meet course requirements. Excessive absences will have a direct impact on your final lab grade. Due to the seating capacity in the laboratory, students must attend the lab section for which they are registered. Due to the extensive set up required for lab practical examinations and the brevity of the summer schedule, *there will be no make-up practical examinations.*

Academic dishonesty of any form will not be tolerated. If you are caught cheating you will receive a zero for that assignment. A second offense will result in expulsion from the course with a grade of "F".

June	Mon	Synapse, Anatomical Terminology,
		6 Microscope
		7 Metrics (Handout)
		8 Metrics continued
		9 Practical 1
		10 Chemistry (Handout)
	Mon	13 Fluid Transport (Handout); Cell Division
		14 Practical 2
		15 Histology
		16 Histology continued
Mon	20 Practical 3; Nervous System	
	21 Nervous System continued	
	22 Special Senses	
	23 Practical 4; Axial Skeleton	
Mon	27 Appendicular Skeleton	
	28 Skeleton continued	
	29 Practical 5; Muscles	
	30 Muscles continued	
July	Mon	4 Holiday (No Class)
		5 Practical 6
		6 Study for final exam

Use of cell phones or other electronic equipment will NOT be allowed in the lab. Please, make certain that they are always turned OFF before entering the room, No exceptions.
