Students must complete 100 clinical phlebotomy hours and complete 100 successful venipunctures. Timesheets and Record of Draws must be initialed by the student and laboratory supervisor and submitted **WEEKLY** to the Health Career Director. Documentation may be scanned to hpatton@odessa.edu. Retain this document throughout your clinical rotation; once all the requirements are met, physically submit all supporting documentation to the Health Career Director at Odessa College Continuing Education Building. Additional resources are available at <https://www.odessa.edu/community/ce/HealthCareers/index.html>
