Course Objectives

This introductory course is designed to provide students with a field based experience and orientation to the profession of teaching. Students will investigate and analyze the culture of schooling and classrooms by exploring various theories, social roles, structures, and current trends and issues in education. Emphasis will be placed on characteristics of effective teachers and establishing appropriate learning environments for diverse student populations. **This course meets State Board for Educator Certification Pedagogy and Professional Responsibilities standards and includes 16 contact hours of field experience.**

Student Learning Outcomes:

At the conclusion of the course, the student should be able to:

- Discuss the Pedagogy and Professional Responsibilities Standards as applicable to the 16 hour field experience
- Describe a broad range of topics included in the field of education
- Discuss curricular and instructional trends in education
- Explain major political, economic, legal and social issues affecting the educational system
- Discuss current reform trends
- Formulate and describe a personal philosophy of education
