Encouragement

My overall philosophy is that you can succeed in this class, and that you can get and will get the grade that you are willing to work for. I will maintain rigorous standards, but I will help you in any way that I can to be successful because I do want all of you to do well. My goal is to help you develop your analytical reading skills, your critical thinking skills, and to continue to develop your ability to clearly articulate your ideas. These are skills that will serve you well in other classes, in job situations, and in your own personal development. I also hope that you enjoy the reading and find some authors and works that you like. I encourage you to talk to me if you have questions, concerns, or problems in the class. If you cannot come to my scheduled office hours, other meeting times can be arranged. I can also assist you in arranging the use of other helpful resources. I hope we can have an interesting, productive, and fun semester together.

Computer Access

You need to have regular access to a computer for this class:

Internet - You need to have dependable access to the internet.

Word Processor - All assignments should be typed, saved to your computer, and then submitted to Blackboard. If you don't have Word, most computers come with Works already loaded. Make sure to save documents in Rich Text Format. Alternative word processors include Google Docs or the free word processor available at www.openoffice.org.

Blackboard - You are responsible for any materials that can be found in our Blackboard course.

Odessa College email - When I send messages and reminders, they will go to this email. You are responsible for any information sent to your OC email.

Powerpoint - You can open Powerpoints in Blackboard. Here is a link for a free Powerpoint Viewer: <http://www.microsoft.com/downloads/details.aspx?familyid=048dc840-14e1-467d-8dca-19d2a8fd7485&displaylang=en>.

Adobe Reader - If you don't have this already, you can download the reader for free at <http://www.adobe.com/>.

Not having computer access is not an acceptable excuse for failing to complete assignments on time.

Class Behavior

I expect you to be respectful towards other students and myself during class and in any online interactions such as discussion forums or on email. Failure to comply with this policy can result in reprimands and can affect a student's grade.

Non-Course Materials

I ask that you only have course materials out during class time, even if you have completed class work early. Non-course materials include other books (unless we are working with research materials for this class), other publications, planners, puzzles, etc. Electronic devices (computers, phones, games, ipods, etc) should be turned off and put away when class begins. If I have given you time to work on the computers, either writing or doing research, the only programs immediately relevant to the assignment should be open on your computer. If you need a device because of a disability, please bring me the proper documentation (see ADA Policy below). You will be subject to the Class Behavior policy (see above) if you have out non-course materials during class time.

Attendance

Since this is an online class, there is not an official attendance policy. However, in order to do well in this class, you should check Blackboard and your Odessa College email at least twice a day, if not more often.

Plagiarism

Simply put, plagiarism is turning in work that you claim to be your own, but that is not yours; in other words, parts of it or all of it comes from another source.

Plagiarism occurs if you do any of the following without giving proper credit to the real author of the material:

directly quote from another author's material, paraphrase from another author's material, or even borrow an idea from another author's material.

- If you are caught plagiarizing material on any assignment (tests, essays, discussion board posts and replies), you will receive a zero on the assignment in question.
- If you are caught plagiarizing material a second time, you will receive an F for the course.

In cases of plagiarism, the relevant administrators will be contacted.

You can do the work; plagiarism is not worth it. If you have questions, please contact me.

Ineligible Materials for Assignments

Please abstain from using material (quoted, paraphrased, or otherwise borrowed) from interpretational resources (such as Spark Notes, Cliffs Notes, etc.) or from essay sites (123HelpMe, etc.) as the basis of your discussions. While proving plagiarism can be difficult, it is not so difficult to tell when a student has relied on a supplemental website for assistance instead of on the actual text. While this kind of laziness may not always qualify as plagiarism, it does demonstrate that you are not meeting the class requirements and your grade will reflect that.

- If your discussion relies on these kinds of websites, the highest grade you will be able to get on that assignment will be a 65 (D).

- If your discussion uses materials other than those designated for the assignment, the highest possible grade you can get on that particular assignment will be a 75 (C).

As the policy above states, if it can be proven that you have plagiarized from any source, you will incur the stated failing grades.

Percentage %	Grade
100-90	A
89-80	B
79-70	C
69-60	D
59 or below	F
