Course description: Concepts of sets, functions, numeration systems, number theory, and properties of natural numbers, integers, rational and real number systems with an emphasis on problem solving and critical thinking. This is intended for students who are planning on majoring in Elementary Education and is especially designed for those students who seek 4-8 grade teacher certifications. (SCANS 3,8,9,11)

Learning outcomes:
 After completing this course, the student should be able to demonstrate competency in those competencies listed for the course.

Text: A Problem Solving Approach to Mathematics for Elementary School Teachers by Billstein, Libeskind and Lott.

Exams: there will be four 100 point exams and a final exam.

Tentative exam schedule

Date	Test	Chapter
Feb. 3	1	2
Mar. 3	2	3
Apr. 7	3	5
May 3	4	6, 7
May 10 1PM	Final	Comprehensive

I reserve the right to make changes in this schedule. There will be no make up exams.

Homework: homework will be assigned and taken up daily. Homework will always be due at the beginning of each class period. Late homework will receive one half credit. No homework will be accepted more than a week late. Your homework average will be 16% of your grade.

Outside paper: once during the semester, you must visit a math class, grade 3 to 6, and observe the teacher conducting the class. You should stay for the entire class. You will then write a one page (minimum) summary of what you observed in the class. You will need to contact a principal and teacher in an elementary school or middle school to arrange this. You may do this anytime during the semester. Your paper will be due by April 27. Your paper will be worth 16% of your grade.

Determination of your grade: at the end of the semester, you will have four exam grades. I will drop the lowest exam grade, then add your homework average, your grade on your paper, and your final exam grade. Each exam is worth 16% of your grade, and the final is 16% of your grade.

Course grade: I will assign a grade according to the following schedule:

Average	Grade
90 – 100	A
80 – 89	B
70 – 79	C
60 - 69	D
0 - 59	F

Other rules:

1. No use of a cell or smart phone. Turn it off. I do not want to hear a cell phone ring during class. Do not do text messaging or read email during class. If you use a phone in class, you will receive a zero for the class.
2. No eating during class. You may bring a drink, but no food
