1. COURSE PURPOSE:

This is a studio course introducing the possibilities of photography as an artistic medium. Topics include a multicultural historical focus on photography as a 20 th century artistic medium, application of fundamental photographic theory, methods, materials, equipment and techniques, black and white film processing and printing, aesthetic and ethical issues and processes of digital photography and computer manipulation of photographs. Problems include organization and direction of field assignments and the use of photographs as a medium for artistic expression.

2. COURSE GOALS:

Photography I is designed to extend each students basis of visual knowledge, critical thinking skills, and working disciplines already developed in design and drawing so that by the end of the semester he or she will:

- a. possess a higher level of perceptual awareness
- b. have translated perceptual awareness into plastic form
- c. have demonstrated confidence in and strategies toward individual creativity
- d. have demonstrated sensitivity for the psycho-physiological ?language? of photography
- e. have demonstrated knowledge of contemporary and historic

artistic models

- f. have demonstrated knowledge of art as cultural information
- g. have performed exercises in visualization and critical thinking
- h. have performed refined, higher level technical practices

- A. Fundamental photographic theory and history of photography.
- B. Film processing and darkroom printing.
- C. Black and white shooting and developing.
- D. Aesthetic and ethical issues in photography including the manipulation of photographic imagery.
- E. Terminology and vocabulary development relevant to becoming visually literate.
- F. Critical thinking strategies for analyzing works of art history and evaluating photographic works done in the classroom.

*****send webtests to: sgoff@odessa.edu & include your email address on the webtest when you send

Pop Quizzes will be randomly given in class.

LEARNINGOUTCOMES: After completing the course, the student should be able to demonstrate competency in: 1.0 applying darkroom safety practices; 2.0 perform record keeping activities; 3.0 conduct darkroom operations; 4.0 performing camera work; 5.0 calculate exposure setting; 6.0 perform basic darkroom work; 7.0 produce black and white prints; 8.0 process photographic paper; 9.0 finish and mount prints; 10.0 clean and maintain darkroom; 11.0 convert traditional photographs into digital files

METHOD OF EVALUATION: Projects: 70%; Participation: 20%; Quizzes / Midterm: 10%. The final grade for the class is based from the combination of shooting assignments, exam grades, participation in the critiques, and the portfolio. There will be written quizzes and a mid-term exam covering the technical aspects of photography. Your shooting assignments will have two grades. The top one is for the technical aspect (how well the picture is printed) and the bottom grade is for the aesthetic aspect (how well the picture relates to the assignment). Please note that all shooting assignments must be completed. And any late work will automatically be lowered ONE letter grade. That

means IF your work is truly A quality work, the highest grade you can make if it is late is a B, which is still preferable to zero. If you hand in your work on time, you can redo assignments. Toward the end of the semester you can redeem a day by doing extra quality work. We will routinely have class critiques as a way of reviewing and improving work. You will be graded on the work that you are presenting, your presentation and your active participation in the critiques of other students' works. A portfolio is required at the end of the semester. The portfolio will consist of the shooting assignments, preferably reprinted or any substitutes you wish to make to improve your grade.

ATTENDANCE POLICY: YOUR attendance is the single greatest predictor of your success. Student attendance at every class is expected. Three or more absences will result in the lowering of your course grade by one letter. The number of times you are tardy or leave early is also noted for the analysis of your final grade. Please see the instructor regarding anticipated absences or conflicts due to college sponsored activities. Again, please note that late assignments will be graded down one letter grade. Effective Fall Term 2010, student absences will be recorded from the day the class meets. Regular and punctual attendance in all classes and laboratories, day and evening, is required. Students who are absent for any reason should always consult with their instructors. Also, both tardiness and early departure from class may be considered forms of absenteeism. In all cases, students will be held responsible for completion of course requirements covered in their absence. Additionally, it is the student's responsibility to drop a course for nonattendance. Course instructors establish policy with regard to attendance in their respective syllabi and may drop a student for excessive absences. Absences are counted regardless of whether they occur consecutively. Students who stop attending class for any reason should contact the instructor and the college registrar to officially withdraw from the class. Students may be required to consult with an advisor or designee before dropping. Failure to officially withdraw may result in a failing grade for the course. It is the student's responsibility to withdraw officially from a class by submitting a completed Withdrawal Form to the Registrar's Office.

ACADEMIC ETHICS: You are expected to create, edit, process and print your own assignments and take tests without notes or other outside assistance. All work is expected to be your own.

Required Readings/Materials

Instructors: Please enter Course Description (Please add correct information and change red font to a black font)

a) You must purchase the following **required** readings/materials:

THIS CLASS IS A FILM CAMERA CLASS using a black and white film wet darkroom process. You must own, buy or have use of a manual capacity 35mm FILM camera that can swap out lenses. Information below in the Notes section regarding lenses. A point and shoot camera without the capacity to swap out lenses is not permissible. A cell phone camera is not permissible. A digital camera is not permissible. The department has some older cameras available for checkout, though these are also used for replacement cameras when students send off their camera to be fixed. Students are responsible for any checkout equipment.

* ISBN-13: 978-0205711499

SUPPLY LIST FOR BASIC PHOTOGRAPHY

1 100 foot roll of Kodak Tri-X 400 film. **If only 50 foot rolls are available, you will need two 50 foot rolls of film. OPEN ONLY

IN THE DARK. Any other kind of film is not permissible as our lab chemistry is set up for Tri-X.

5 reusable film canisters (I suggest that you get a few more as they are inexpensive and allow you to have more rolls rolled and ready to be exposed)

1 16 x 20 sheet of WHITE foam core or poster board

1 package of clear plastic negative files

1 small bottle of lens cleaner and lens tissue paper

2 large hand towels (can get old ones from a thrift store)

1 combination lock (need 1st week of classes)

1 roll of masking tape

1 thin black ?Sharpie? marker

CAN BUY LATER

1 100 sheet box of Ilford Multigrade IV RC DELUXE paper in the Pearl surface (need by 4th week of classes) OPEN ONLY IN THE DARK. You can get a 25 sheet box at first, though it will cost more in the long run. 2 thin accordion style (not slippery) folders with stretch band and flaps (Dollar General type store)

CAN BUY EVEN LATER

1 00000 spotting brush

1 package of Seal brand dry mount tissue

10 11x14 archival mount boards (also available at the OC Bookstore)

NOTES

These photo supplies can be easily found at either :
D & D Photo ph: 552-0131 2121 E. 42nd (behind Walgreens).

Odessa Camera ph: 550-0211 4400 Tanglewood (behind Music City Mall).

Some of you may be purchasing your first camera for this class. There are countless quality cameras on the market and I suggest that you look and price carefully. Some retailers and manufacturers offer a package that includes a zoom lens instead of the 50 mm lens. Regardless of what model of camera you

purchase, please consider that while zoom lenses do offer variable focal lengths from 35 mm to 80 mm to 105 mm, they do not provide a wide aperture size. This may require the use of a flash or a tripod when a 50 mm lens would allow you to hand hold the camera. Also, zoom lenses are not as bright, so they are difficult to hand hold and focus in low light situations. Plus a zoom does not offer a depth of field scale on the lens. In the beginning, I suggest you avoid a zoom.

b) You are encouraged to buy the following *optional* books/materials

Grading Policy

Each week, I will provide grades or scores and comments on assignments within 6 days of when they were submitted. After I send feedback each week, I will post a notification in the **Main** forum.

Late assignments receive a 10% deduction for each day they are late if assignments are not posted by 11:59 p.m. central on the day they are due. Assignments more than 5 days late will not be accepted. Technological issues will not be considered as valid grounds for late assignment submission. In the event of a server outage, students should submit assignments to the instructor.
