Course Goals: Anatomy and Physiology II is the second semester of a two-semester course. The student will learn the structures and functions of seven of the eleven organ systems, as well as how each interacts with the others. The laboratory portion of this course will provide the student with hands-on learning experiences to reinforce the information obtained in the lecture portion.

Prerequisites: A minimum grade of “C” in BIOL 2401.

SCANS: 1, 6, 9

Required Books:

Textbook: *Human Anatomy & Physiology*, 8th ed., by Elaine N. Marieb.

Lab Manual: *Human Anatomy & Physiology Laboratory Manual*, 9th ed., by Elaine N. Marieb

Grading and evaluation:

Lecture Exams	(400 pts)
Final Exam:	(150 pts)
Laboratory	(400 pts)

Lecture grades will be approximately 70% of the course grade and Laboratory grades will be approximately 30% of the course grade. Grades will be based on a percentile scale.

A = 90 – 100%, B = 80 – 89%, C = 70 – 79%, D = 60 – 69%, F = Below 60%

All Grades will be rounded to the nearest whole number. Lab grades will be combined with lecture grades for the final reported class grade. The student is responsible for keeping their own grades. Attendance is required in all lecture and lab periods. A tardy will be recorded as an absence. Three or more absences may result in a lower grade.

Make-ups: If a family crisis, severe illness or other emergency causes you to miss an exam, it is **your** responsibility to make arrangements for a make-up exam to be taken before the next class meeting following the exam. If it is known prior to a lab practical that it will be missed, arrangements should be made to take the practical during another lab. Prior permission of all involved instructors must be obtained. Lab practicals must be taken during one of the regularly scheduled lab periods. NO EXCEPTIONS.

Statement of Special Accommodations: Odessa College complies with Section 504 of the Vocational Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. If you have any special needs or issues pertaining to your access to and participation in this or any other class at Odessa College, please feel free to contact me to discuss your concerns. You may also call the Office of Disability Services at 335-6861 to request assistance and accommodations.

Plagiarism: Any work submitted for a grade that is not the individual student's original work will be subject to a grade of zero and/or dismissal from the course with a grade of 'F' as determined by the instructor.

Tutor Lab Requirement: Students are required to spend at least one hour per week in the tutor lab which is called the Synapse Lab if they make a grade below a 70 on a lecture exam. This will be required until they score above a 70 on an exam. Student I.D. is required for participation in the Synapse.

Conduct: Cell phones and pagers should be turned off during class. If circumstances require you to leave your communication devices turned on, put them on vibrate. These devices should not interrupt the class.

Interaction and discussion is encouraged. However, discussion should be courteous and not conducted when the instructor or fellow students are talking. Disruptions of any kind may result in removal from the classroom.

Cheating and plagiarism **will not be tolerated**. If the instructor feels that a student is either cheating or plagiarizing at any time, the student will immediately received a grade of "zero" for that assignment. Repeat offenses will result in removal from the course with a grade of "F".

Grievances: Odessa College policy requires that student grievances first be discussed with the instructor. Unresolved issues may then be discussed with the instructor's immediate supervisor.
