Learning outcomes

After completing this course, the student should be able to demonstrate competency in those competencies listed for the course.

Technology: Students must have a valid e-mail address to register for computer software. The e-mail address you use to register your software will be the e-mail address to which I send any information and announcements. Please check this account regularly. It is recommended that you use your Odessa College e-mail address. Most work is done through the internet, so you will need a computer with internet access. If you do not have access to the internet, you may use the computers in the OC Math Lab.
**Homework:** All homework for this course will be completed use the MyMathLab software. The homework for this class can be accessed through the Course Compass website at [http://pearsonmylabandmastering.com](http://pearsonmylabandmastering.com). The Course ID for this class is bennett90398. There will be an assignment for each section of the book covered. The homework for each covered section will be made available after the lecture notes for that section have been posted. Computer access is available several places on campus including the Math Lab (ET120) and the Learning Resource Center (Which is open 7 days a week).

**Classroom Observation:** You will be required to observe a classroom as part of your semester grade. The classroom observation and write up report will be due at the end of the semester and is worth 10% of your course grade.

**Required Material:**

- MyMathLab Access Code for the online homework
- Mathematics Activities for Elementary School Teachers, to accompany 11e, Dolan, Williamson, and Muri

**Exams:** There will be 4 tests for the class and a final exam. The tentative exam schedule will be as follows:

- Exam 1: Friday, September 14
- Exam 2: Friday, October 5
- Exam 3: Wednesday, October 31
- Exam 4: Friday, November 30

**Course Grades:** Grades will be given based on the percentage of total possible points earned during the class. Each part of the class is weighted as follows:

<table>
<thead>
<tr>
<th>Homework: 20%</th>
<th>Discussion, Workbook Activities, and Classroom Observation: 15%</th>
<th>Chapter Exams: 35%</th>
<th>Final Exam: 30%</th>
</tr>
</thead>
</table>

I will assign a grade based on the following schedule:

<table>
<thead>
<tr>
<th>Average</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>A</td>
</tr>
<tr>

Expectations for Engagement – Face to Face Learning
To help make the learning experience fulfilling and rewarding, the following Expectations for Engagement provide the parameters for reasonable engagement between students and instructors for the learning environment. Students and instructors are welcome to exceed these requirements.

Reasonable Expectations of Engagement for Instructors

1. As an instructor, I understand the importance of clear, timely communication with my students. In order to maintain sufficient communication, I will
   • provided my contact information at the beginning of the syllabus;
   • respond to all messages in a timely manner through telephone, email, or next classroom contact; and,
   • notify students of any extended times that I will be unavailable and provide them with alternative contact information (for me or for my supervisor) in case of emergencies during the time I’m unavailable.

2. As an instructor, I understand that my students will work to the best of their abilities to fulfill the course requirements. In order to help them in this area, I will
   • provide clear information about grading policies and assignment requirements in the course syllabus, and
   • communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

3. As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will
   • return classroom activities and homework within one week of the due date and
   • provide grades for major assignments within 2 weeks of the due date or at least 3 days before the next major assignment is due, whichever comes first.

Reasonable Expectations of Engagement for Students

1. As a student, I understand that I am responsible for keeping up with the course. To help with this, I will
   • attend the course regularly and line up alternative transportation in case my primary means of transportation is unavailable;
   • recognize that the college provides free wi-fi, computer labs, and library resources during regular campus hours to help me with completing my assignments; and,
   • understand that my instructor does not have to accept my technical issues as a legitimate reason for late or missing work if my personal computer equipment or internet service is unreliable.

2. As a student, I understand that it is my responsibility to communicate quickly with the instructor any issue or emergency that will impact my involvement with or performance in the class. This includes, but is not limited to,
   • missing class when a major test is planned or a major assignment is due;
• having trouble submitting assignments;
• dealing with a traumatic personal event; and,
• having my work or childcare schedule changed so that my classroom attendance is affected.

3. As a student, I understand that it is my responsibility to understand course material and requirements and to keep up with the course calendar. While my instructor is available for help and clarification, I will
   • seek out help from my instructor and/or from tutors;
   • ask questions if I don’t understand; and,
   • attend class regularly to keep up with assignments and announcements.
