About Your Instructor

2013/2014 will be my fifth year here at Odessa College. I have taught a variety of courses both in Texas and New Mexico for the past eleven years. I look forward to meeting you and having you in my class this semester. If you have questions concerning the course, feel free to contact me. I am glad that you have chosen Odessa College. Please let me know if I may assist you in your courses here at OC.

Preferred Method of Communication:

The best way to reach me is to email me since I spend a large amount of time on my computer almost daily. If you prefer a face-to-face meeting then please either call or email me requesting an appointment. Make sure that I confirm that appointment to guarantee that you have my undivided attention during this time - otherwise you may have to wait in line or find that I am in another campus meeting if you just show up. If you do leave a voicemail message, please state your name and number clearly along with which class you are in and your question. I will return your call during my posted office hours.

Expectations for Engagement for Instructor:

As an instructor, I understand the importance of clear, timely communication with my students. In order to maintain sufficient communication, I will

- provide my contact information at the beginning of the syllabus;
- respond to all messages within 24 hours if received Monday through Thursday, and within 48 hours if received Friday through Sunday; and,
- notify students of any extended times that I will be unavailable and provide them with alternative contact information (for me or for my supervisor) in case of during the time I am unavailable.

As an instructor, I understand that my students will work to the best of their abilities to fulfill the

course requirements. In order to help them in this area, I will

- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will

- post grades for discussion postings within one week of the discussion thread closing.
- provide grades for major assignments within 2 weeks of the due date or at least 3 days before the next major assignment is due, whichever comes first.

Textbook Information and Required Hardware/Software

Textbook: *We will not be using a textbook for this class - I will provide reading text samples that you will need or direct you to sources where you may get materials for the course.*

Please Note: Next semester all 0370, 1301 and 1302 courses in the department will require the Quick Access Reference for Writers, 7th ed., so if you want a good reference and be ahead of the game for 1301 - go ahead and pick it up now.

Computer Access:

You will need to have access to a computer for this class. All essay assignments must be computer generated. You will be expected to use a word processor, print and submit copies in hard copy (or through Blackboard if so instructed). Instructions and materials including some assignments may also be posted through Blackboard. Some online discussions may also be used through Blackboard as part of your participation in this course. If you do not own a computer, you will still need to access a computer and printer either through one of the labs or the Learning Resource Center on campus. No computer or having computer trouble will not be an excused reason for turning in items late, since there is access to computers in the Student Learning Center and library. Plan ahead.
