## Course Description

ENGL 1302: Composition II (23.1301.5112) (3-0) 3 hours

This course involves an intensive study of and practice in the strategies and techniques for developing research-based expository and persuasive texts. There will be an emphasis on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of verbal, visual, and multimedia texts; systematic evaluation, synthesis, and documentation of information sources; and critical thinking about evidence and conclusions. (ICOs 1, 2, 3, 4, 5, 6) Prerequisite: ENGL 1301.

## Learning Outcomes

- Demonstrate knowledge of individual and collaborative research processes.
- Develop ideas and synthesize primary and secondary sources within focused academic arguments, including one or more research-based essays.
- Analyze, interpret, and evaluate a variety of texts for the ethical and logical uses of evidence.
- Write in a style that clearly communicates meaning, builds credibility, and inspires belief or action.
- Apply the conventions of style manuals for specific academic disciplines (e.g., APA, CMS, MLA, etc.)

## Required Materials

- 1 There is no required textbook from me. Required texts will be provided by your NTO classroom instructor.
- 2 Access to a computer (see Computer Access section)
- 3 A computer file storage device (preferably a USB drive)
- 4 Folder or notebook (recommended)
- 5 Thesaurus and dictionary (recommended)

## Encouragement

My overall philosophy is that you can succeed in this class, and that you can get and will get the grade that you are willing to work for. I will maintain rigorous standards, but I will help you in any way that I can to be successful because I do want all of you to do well. My goal is

to help you develop your analytical reading skills, your critical thinking skills, and to continue to develop your ability to clearly articulate your ideas. These are skills that will serve you well in other classes, in job situations, and in your own personal development. I also hope that you enjoy the reading and find some authors and works that you like. I encourage you to talk to me if you have questions, concerns, or problems in the class. If you cannot come to my scheduled office hours, other meeting times can be arranged. I can also assist you in arranging the use of other helpful resources. I hope we can have an interesting, productive, and fun semester together!

## Computer Access

You need to have regular access to a computer for this class:

- Internet – You need to have dependable access to the internet.
- Word Processor – All assignments should be typed, saved to your computer, and **then submitted to Blackboard. If you don't have Word**, most computers come with Works already loaded. Make sure to save documents in Rich Text Format. Some alternative word processors are the one on Google Docs or the free word processor available at [www.openoffice.org](http://www.openoffice.org).
- ECHO - You are responsible for any materials that can be found in our ECHO course: documents, assignments, Powerpoints, linked resources.
- Odessa College email – When I send messages and reminders, they will go to this email. You are responsible for any information sent to your OC email.
- Powerpoint – You can open Powerpoints in Blackboard. Here is a link for a free Powerpoint Viewer:  
<http://www.microsoft.com/downloads/details.aspx?familyid=048dc840-14e1-467d-8dca-19d2a8fd7485&displaylang=en>.
- Adobe Reader – **If you don't have this already, you can download the reader for free at <http://www.adobe.com/>.**

I am assuming that all students have dependable access to computers (since this is a hybrid class). In any case, not having computer or printer access is not a valid excuse for failing to complete assignments on time.

## Class Behavior

I expect you to be respectful towards other students and myself during class and in any online interactions such as discussion forums or on email. When a person, whether it is me or another student, is speaking, please do not interrupt them or hold conversations about topics that are not relevant to this class. I do want you to make comments, to ask questions, and to raise class concerns, and I will give you opportunities to do so. Also, if I have given you an individual or group assignment in class, I expect you to work on it for the allotted time. We will have periodic group and class discussions, and I expect you to be respectful toward your classmates at all times.

If behavior occurs that violates this policy, I will ask the student(s) to correct the behavior. If I have to do this more than a couple times during the semester, or if the student refuses to correct the behavior at the time I ask, I will give the student an official warning, ask him

or her to leave the class, and he or she will be counted absent and receive a zero for any activities done that day, even if those activities have already been concluded. This warning will be made in class, and I will also send a copy to the student and appropriate administrators.

- If a student interrupts me or another student who is contributing to class discussion
- If students are holding conversations about material that is not relevant to class
- If a student is rude, belligerent, or otherwise disruptive
- If a student has out non-course materials after I have announced the beginning of class
- If a student submits any disruptive, inappropriate, or offensive posts in the online class forums

If a student violates any aspect of the classroom behavior policy again after the warning, or if there is any case of very disruptive or disrespectful behavior, the same penalties will be given (counted absent, grades for the day forfeited), and I will consult the Chair of the English and Foreign Languages Department and possibly the Dean of Arts and Sciences about further disciplinary action.

If you have questions or concerns regarding an issue that concerns the whole class, such as a question about assignment instructions, please ask. If you have questions or concerns regarding an issue that pertains only to you, such as a question about a grade on one of your papers, please discuss that with me during office hours or some other arranged time.

## Non-Course Materials

I ask that you only have course materials out during class time, even if you have completed class work early. Non-course materials include other books (unless we are working with research materials for this class), work/materials for other classes, other publications, planners, puzzles, etc. Electronic devices (computers, phones, games, ipods, etc) should be turned off and put away when class begins. If I have given you time to work on the computers, either writing or doing research, only programs immediately relevant to the assignment should be open on your computer. If you need a device because of a disability, please bring me the proper documentation (see ADA Policy below). You will be subject to the Class Behavior policy (see above) if you have out non-course materials during class time.

## Attendance

The attendance policies of New Tech Odessa High School will be followed for this class as well.

## Assignments

The rules for most assignments will be those of New Tech and specifically those of the class instructor. If I give a separate assignment, the following guidelines apply:

- Assignments need to be posted on Blackboard by 11:59 PM on the designated due date in order to be counted on time.

- ⌚ If you have trouble posting the assignment to ECHO for any reason, contact me immediately and send the assignment to me via email by the deadline so that I can count it on time. You will need to post assignments on ECHO for them to be graded once the submission problem is resolved.
- ⌚ Make sure to follow specific assignment instructions carefully.
- ⌚ Assignments are due by the end of the day (11:59PM) on the designated date
- ⌚ I would like all assignments submitted in Rich Text Format.
- ⌚ Late assignments will lose 10 points. I will accept late assignments for 48 hours after the due date/time. After that, I will not accept them.
- ⌚ If an assignment does not meet the word minimum, it will lose 10 points (or be subject to the penalty described on the assignment instructions).
- ⌚ If you have a legitimate, documented reason why you need more time on an assignment, please contact me. The documentation must be included with the assignment.

## Assistance with Assignments/Tutoring

You are always welcome to call me or email me with questions about your assignments. I can help you brainstorm for topics and ideas, help you organize your essay, help you with using quotations, help you edit your essay and/or discuss any other questions. I will also answer these kinds of questions and look at drafts of assignments to provide comments via email. Just please make sure to send me the draft with enough time before it is due to send you feedback.

In addition to my help, any registered Odessa College student can go to the Student Success Center for tutoring and for assistance with different subjects. If you are in Odessa, or nearby, the SSC can be a valuable resource. The Odessa College Student Success Center is located on the first floor of the Learning Resources Center (library). You are welcome to go to the SSC for assistance in this class. The English tutors can help you with the same aspects of the paper as I have listed above. The point to emphasize here is that they will help you; they will not do the assignment for you. Make sure to take a copy of the assignment instructions with you so that the tutor will understand the assignment. To get more information about the SSC, call 432-335-6673 or go to <http://www.odessa.edu/dept/ssc/index.htm>. There will also be a link to the SSC from Blackboard.

Odessa College also offers access to Smarthinking, an online student assistance service. You can submit a paper for comments (I think the turnaround time is 24 hours) and you can schedule online meetings with Smarthinking tutors. You can access Smarthinking directly from Blackboard. There is a link in the main menu (on the left side of the page).

## Plagiarism

Simply put, plagiarism is turning in work that you claim to be your own, but that is not yours; in other words, parts of it or all of it comes from another source.

Plagiarism occurs if you do any of the following without giving proper credit to the real author of the material: directly quote from another author's material, paraphrase from another author's material, or even borrow an idea from another author's material.

- ♣ If you are caught plagiarizing material on any assignment (tests, essays, discussion board posts and replies), you will receive a zero on the assignment in question.
- ♣ If you are caught plagiarizing material a second time, you will receive an F for the course. I will also contact the Vice President of Student Services.

When we are doing research assignments, errors on your citations will not be considered plagiarism unless you have not cited any of your sources. However, since using and citing sources are major components of the research assignments, correct citation counts for a significant portion of the grade.

You can do the work; plagiarism is not worth it. If you have questions, please contact me.

### Ineligible Materials for Assignments

Please abstain from using material (quoted, paraphrased, or otherwise borrowed) from interpretational resources (such as Spark Notes, Cliffs Notes, etc.) or from essay sites (such as 123HelpMe, etc.) as the basis of your discussions in your essays and other assignments. While proving plagiarism can be difficult, it is not so difficult to tell when a student has relied on a supplemental website for assistance instead of on the actual assigned text. While this kind of laziness may not always qualify as plagiarism, it does demonstrate that you are not meeting the class requirements and your grade will reflect that.

- ⌚ If your discussion relies on these kinds of websites, the highest grade you will be able to get on that assignment will be a 65 (D).
- ⌚ If your discussion uses materials other than those designated for the assignment, the highest possible grade you can get on that particular assignment will be a 75 (C).
- ⌚ As the policy above states, if it can be proven that you have plagiarized from any source, you will incur the stated failing grades.

These are my policies, and I will confer with the New Tech instructor to see what we will do in these cases based upon our combined policies.

### Student Success

The Odessa College Student Success Coaches will help you stay focused and on track to complete your educational goals. If an instructor sees that you might need additional help or success coaching, he or she may submit a Retention Alert or a Starfish Alert. A Student Success Coach will contact you to work toward a solution.
