

MATH 1314-F31CM

Modular College Algebra

Instructor: *Daniel T. Murphree*

Name: Daniel T. Murphree

E-Mail: dmurphree@odessa.edu

Phone: 432-335-6541

Office: WOOD 211

Office Hours

Campus Office Hours:

TuW: 8-9, 11-11:30 AM

MTh: 11-11:30 AM, 3:30-4:30 PM

F: 8:30 AM-12:30 PM

Online Office Hours:

By e-mail

About Your Instructor

Daniel has been with Odessa College for one year. He has bachelor's degrees in Mathematics and Chemistry from Berry College and a master's degree in Mathematics from Utah State University with a focus on Geometric Group Theory. Daniel has 6 years of experience teaching mathematics at Utah State University, Brigham Young University, and Odessa College.

Preferred Method of Communication:

The preferred method of communication for this course is via the e-mail address listed above but feel free to call or come by during my office hours!

Expectations for Engagement for Instructor:

As an instructor, I understand the importance of clear, timely communication with my students. In order to maintain sufficient communication, I will

- provide my contact information at the beginning of the syllabus;
- respond to all messages within 24 hours if received Monday through Thursday, and within 48 hours if received Friday through Sunday; and,
- notify students of any extended times that I will be unavailable and provide them with alternative contact information (for me or for my supervisor) in case of during the time I am unavailable.

As an instructor, I understand that my students will work to the best of their abilities to fulfill the course requirements. In order to help them in this area, I will

- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will

- post grades for discussion postings within one week of the discussion thread closing.
- provide grades for major assignments within 2 weeks of the due date or at least 3 days before the next major assignment is due, whichever comes first.

Textbook Information and Required Hardware/Software:

Textbook:

College Algebra by Blitzer, 6th edition: Pearson Publishing Company 2014, Available as an interactive eText through MyMathLab.

Hardware:

You will need a computer with internet access to access course materials and complete your course work. A valid email address is also required for communications purpose. All out of class communications will be sent to the email address used to register your MyMathLab software, so please access this account regularly to check for any class announcements or other information. There are computers with internet access available in the Math Lab, located in the Wood Math and Science building room 201, which you can use as needed. Math Lab hours for this semester are 8:30 am to 8:30 pm Monday through Thursday and 8:30 am to 1:00 pm on Fridays. Scientific calculators are allowed, but not required, on exams so you may wish to have a scientific calculator available. Please keep cell phones and other distracting electronic devices shut off during class time.

Software:

MyMathLab, found at www.mymathlab.com. All course work will be submitted through MyMathLab.

Course ID: murphree96791

Course Information:**Course Description**

MATH 1314 College Algebra (27.0101.5419)(3-0)3 hours. Includes sets, complex numbers, quadratic and quadratic form equations, inequalities, functions, systems of equations and topics selected from exponential and logarithmic functions, matrices, determinants, binomial theorem. The student will learn to select appropriate mathematical techniques and technologies and use skills in information organizing, processing, planning and problem solving. The student should be able to probe for mathematical meaning and, perhaps, describe these meanings to others. Placement testing available. (ICOs 3, 6, 9, 11)

Course Structure:

This class is a MODULAR class. This is not a traditional lecture class. A modular class is self-paced. You will work through the material one module at a time, only proceeding to the next module when they have successfully demonstrated knowledge of the previous module. Students can finish early, or they can extend the class into the next semester, provided at least 2 modules are completed in the current semester. More detailed information will be provided in class.

Course Prerequisites:

MATH 0375 passed with a C or better, high school Algebra II passed with a C or better, an independent school district/OC dual enrollment form, or an acceptable placement testing score.

Course Topics:

Topics may include introductory treatments of sets, logic, number systems, number theory, relations, functions, probability and statistics.

Grading:

For each module, there will be several assignments which must be done in order. A minimum score of 80% must be obtained on an assignment to proceed to the next assignment. Once all assignments for a module have been completed with at least 80%, you may take the post-test.

Final grades will be given based on the percentage of total possible points earned during the class. Each part of the class is weighted as follows:

<i>Type of Assignment</i>	<i>Grade Percentage</i>
Homework	15%
Self-Test Quizzes	10%
5 Midterm Exams	10% each
Final Exam	25%

Grading Scale:

"A" = 90-100

"B" = 80-89

"C" = 70-79

"D" = 60-69

"F" = 0-59

Student Course Participation

As a student, I understand that I am responsible for keeping up with the course. To help with this, I will

- identify alternative computer and internet access in case my primary computer crashes or my internet service is unavailable;
- recognize that the college provides free wi-fi and computer labs during regular campus hours to help me with accessing my course; and,
- understand that my instructor does not have to accept my technical issues as a legitimate reason for late or missing work if my equipment or service is unreliable.

As a student, I understand that it is my responsibility to communicate quickly with the instructor any issue or emergency that will impact my involvement with or performance in the class. This includes, but is not limited to

- getting "kicked off" of the system during tests or quizzes;
- having trouble submitting assignments; and
- dealing with a traumatic personal event.

As a student, I understand that it is my responsibility to understand course material and requirements and to keep up with the course calendar. While my instructor is available for help and clarification, I will

- seek out help from my instructor and/or from tutors;
- ask questions if I don't understand; and
- access my course several times during the week to keep up with assignments and announcements.

Course Policies

Disclaimer

This syllabus is tentative and subject to change in any part at the discretion of the instructor. Any changes will be in accordance with Odessa College policies. Students will be notified of changes, if any, in timely manner.

Original Effort

The work submitted for this course must be original work prepared by the student enrolled in this course. Efforts will be recognized and graded in terms of individual participation and in terms of ability to collaborate with other students in this course.

Digital Protocol

Cell phones must be placed on either vibrate or silent mode and are to be accessed in emergency cases only. The use of laptops or any other digital device is permitted in order to facilitate note-taking relative to instruction.

Attendance Policy

Students are expected to log in to class regularly. Attendance will be monitored by the last date logged in.

Grade Inquiry Policy

It is the responsibility of the individual taking this course to maintain an accurate track of assignment submissions and grades. There will be opportunities during the semester to meet with the instructor to discuss your academic progress. Contact the instructor to schedule an appointment. Class time will not be used for grade inquiries. All grades are final.

General Course Requirements

1. Attend class and participate.
2. Contribute and cooperate with civility.
3. Submit assignments on time. Late work will not be accepted. Medical and/or family circumstances that warrant an extension on assignments need to be presented to the instructor. Extensions will be allowed at the instructor's discretion.

Incomplete Policy

An 'Incomplete' grade may be given only if:

1. The student has passed all completed work
2. If he/she has completed a minimum of 75% of the required coursework. A grade of an "I" will only be assigned when the conditions for completion have been discussed and agreed upon by the instructor and the student.

Course Schedule

If you would like to complete the course by the end of this 8 week session then it is suggested that you try to follow the schedule below. As this is a modular course, the pacing is up to you.

Completion Date	Assignments to Complete
Oct. 26	Orientation Section 2.1: Basics of Functions and Their Graphs Section 2.2: More on Functions and Their Graphs Section 2.5: Transformations of Functions Chapter 2 Exam 1
Nov. 2	Section 2.6: Combinations of Functions; Composite Functions Section 2.7: Inverse Functions Section 3.1: Quadratic Functions Chapter 2 Exam 2
Nov. 9	Section 3.2: Polynomial Functions and Their Graphs Section 3.3: Dividing Polynomials; Remainder and Factor Theorems Section 3.4: Zeros of Polynomial Functions Section 3.5: Rational Functions and Their Graphs Chapter 3 Exam
Nov. 16	Section 4.1: Exponential Functions Section 4.2: Logarithmic Functions
Nov. 23	Section 4.3: Properties of Logarithms Section 4.4: Exponential and Logarithmic Equations Section 4.5: Exponential Growth and Decay Chapter 4 Exam
Nov. 30	Section 5.1: Systems of Linear Equations in Two Variables Section 5.2: Systems of Linear Equations in Three Variables
Dec. 7	Section 6.1: Matrix Solutions to Linear Equations Section 6.2: Inconsistent and Dependent Systems Section 6.5: Determinants and Cramer's Rule Chapters 5 & 6 Exam
Dec. 11	Final Exam Review Final Exam due by 8:30 PM

Institutional Core Objectives (ICOs)

Description of Institutional Core Objectives (ICO's)

Given the rapid evolution of necessary knowledge and skills and the need to take into account global, national, state, and local cultures, the core curriculum must ensure that students will develop the essential knowledge and skills they need to be successful in college, in a career, in their communities, and in life. Therefore, with the assistance of the Undergraduate Education Advisory Committee, the Coordinating Board has approved guidelines for a core curriculum for all undergraduate students in Texas.

Through the application and assessment of objectives within the institution's core curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world; develop principles of personal and social responsibility for living in a diverse world; and advance intellectual and practical skills that are essential for all learning. Appropriate Odessa College faculty periodically evaluates all of the courses listed in the descriptions on the following pages of this catalog and keys them to Odessa College's Institutional Core Objectives (ICOs), as defined by the Texas Higher Education Coordinating Board (THECB). (Source: Odessa College Catalog of Courses 2012-2013, page 73)

Odessa College’s Institutional Core Objectives (ICOs):

1. Critical Thinking Skills - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
2. Communication Skills - to include effective development, interpretation and expression of ideas through written, oral and visual communication
3. Empirical and Quantitative Skills - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
4. Teamwork - to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal
5. Personal Responsibility - to include the ability to connect choices, actions and consequences to ethical decision-making
6. Social Responsibility - to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities

Discipline Core Statement

Mathematics

This course focuses on algebraic topics that rely on the use of logic and quantitative tools. The course studies mathematical relationships through the use of functions, and the students are required to complete solutions to application-type problems.

 = Required Core Objectives

Foundational Component Area	SCH	CT	COM	EQS	TW	SR	PR
Mathematics	#						

Courses in this category focus on quantitative literacy in logic, patterns, and relationships. Courses involve the understanding of key mathematical concepts and the application of appropriate quantitative tools to everyday experience.

Course Objectives

After completing this course the student should be able to demonstrate competency in:

1. Critical thinking skills
2. Sets
3. Logic
4. Systems of numeration
5. Number theory and the real number system
6. Consumer mathematics.

Odessa College Policies

Tuition Discounts

The "First Course is Free" discount waives standard tuition and fees for the first 3 credit hours taken at Odessa College. The discount applies to high school graduates taking their first class at Odessa College as well as transfer students taking their first class at Odessa College.

The "Academic Progress Discount" provides a 10% tuition discount upon completion of 30 credit hours until reaching 45 credit hours. It provides a 20% discount upon completion of 45 credit hours until reaching 60 credit hours. Student must maintain a 2.0 GPA to remain eligible for the discount.

Academic Policies

Note that the OC Student Handbook states (page 32) that "[i]n cases of academic dishonesty, the instructor has the authority to impose appropriate scholastic penalties. Complaints or appeals of disciplinary sanctions may be filed in accordance with the college due process procedure. Copies of the college due process procedure are available in the office of The Director of Student Life (CC104)."

For more information on your rights and responsibilities as a student at Odessa College, please refer to the following: The 411 of OC: Student Handbook 2012-2013; Student Rights & Responsibilities <http://www.odessa.edu/dept/studenthandbook/handbook.pdf>

Scholastic Dishonesty

Scholastic dishonesty shall constitute a violation of these rules and regulations and is punishable as prescribed by board policies. Scholastic dishonesty shall include, but not be limited to, cheating on a test, plagiarism and collusion.

"Cheating on a test" shall include:

- Copying from another student's test paper
- Using test materials not authorized by the person administering the test.
- Collaborating with or seeking aid from another student during a test without permission from the test administrator.
- Knowingly using, buying, selling, stealing or soliciting, in whole or in part, the contents of an unadministered test.
- The unauthorized transporting or removal, in whole or in part, of the contents of the unadministered test.
- Substituting for another student, or permitting another student to substitute for one's self, to take a test.
- Bribing another person to obtain an unadministered test or information about an unadministered test.
- "Plagiarism" shall be defined as the appropriating, buying, receiving as a gift, or obtaining by any means another's work and the unacknowledged submission or incorporation of it in one's own written work.
- "Collusion" shall be defined as the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements. (Source: Odessa College Student Handbook 2012-2013, page 29-30)

Special Populations/Disability Services/Learning Assistance

Odessa College complies with Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. If you have any special needs or issues pertaining to your access to and participation in this or any other class at Odessa College, please feel free to contact me to discuss your concerns. You may also call the Office of Disability services at 432-335-6861 to request assistance and accommodations.

Odessa College affirms that it will provide access to programs, services and activities to qualified individuals with known disabilities as required by Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 (ADA), unless doing so poses an undue hardship or fundamentally alters the nature of the program or activity. Disabilities may include hearing, mobility or visual impairments as well as hidden disabilities such as chronic medical conditions (arthritis, cancer, diabetes, heart disease, kidney disorders, lupus, seizure disorders, etc.), learning disabilities or psychiatric or emotional disabilities. A student who comes to Odessa College with diagnosed disabilities which may interfere with learning may receive accommodations when the student requests them and submits proper documentation of the diagnosis. A Request for Accommodations form and guidelines for beginning the request process are available in the OC Help Center or on the Odessa College web site at

<http://www.odessa.edu/dept/counseling/disabilities/index.htm>. The college strives to provide a

complete and appropriate range of services for students with disabilities such as assistance with testing, registration, information on adaptive and assistive equipment, tutoring, assistance with access and accommodations for the classroom where appropriate. For information regarding services, students with disabilities should contact the Office of Disability Services in the OC Help Center located in Room 204 of the Student Union Building or call 432-335-6433. (Source: Odessa College Catalog of Courses 2012-2013, page 52)

Dropping a Course or Withdrawing from College

Students wishing to drop a non-developmental course may do so online using WebAdvisor, at the Wrangler Express, or Registrar’s Office. A student wishing to drop a developmental course or withdraw from college should obtain a drop or withdrawal form from the Wrangler Express or the Registrar’s Office. Students are encouraged to consult with instructors prior to dropping a class. Students may not completely withdraw from the college by use of the Web. Students must drop a class or withdraw from college before the official withdrawal date stated in the class schedule. Students who are part of the Armed Forces Reserves may withdraw with a full refund if the withdrawal is due to their being ordered into active duty. A copy of the student’s orders must be presented to the Registrar’s Office at the time of the withdrawal. For details, please contact the Office of the Registrar. No longer attending class does not automatically constitute withdrawal from that class, nor does a student’s notification to an instructor that the student wishes to be dropped. Failure of a student to complete the drop/withdrawal process will result in a grade of “F.” (Source: Odessa College Catalog of Courses 2012-2013, page 36). Student Support Services and Technical Support .

Blackboard Support

- I can’t log into my Blackboard Course, who do I contact?

Contact the Student Success Center: 432-335-6673 or online at https://www.odessa.edu/dept/ssc/helpdesk_form.htm. The SSC can provide you with your Blackboard login name. If you are not sure what your password is, they can reset your password.

- I’m having a problem in my Blackboard Course, who do I contact?

For any problem that you have in your online course, always contact your Instructor first. Refer to the Instructor’s Contact Information area of the Syllabus for their preferred method of contact and the expected response time.
