About Your Instructor

Hello to all,
Since I don't get to see most of you face-to-face, let me tell you a little about myself. I'm an Assistant Professor of both Government and History at Odessa College. I've been with the institution since 1993 (as an adjunct) and full-time since 1996.

I have a BA in Telecommunications from Texas Tech University (1977) along with an MA in History from UTPB (1991) and another MA in Political Science from Sul Ross State University (2000). I don't have a doctorate, so address me simply as Mr. Findley.

I have two grown children. My oldest, Jessica, is a graduate of Permian High School and Texas State University in San Marcos (BA and MSW). She is married and currently lives with her husband in Pflugerville while working in Round Rock.

My youngest, Robert, is also a Permian grad and is currently working as a grounds "specialist" here at OC ... and as a former member, he has assisted occasionally with the OC X-C team.

As you might guess, I like both history and politics. I also enjoy movies (*Valkyrie*, *Gran Torino*, *The Hangover Trilogy*, *The Iron Man Trilogy*, *True Grit*, *Rise of the Planet of the Apes*, *Despicable Me*, *Dr. Strangelove*, *The (original) Manchurian Candidate*, *Full Metal Jacket*, *A Clockwork Orange*, *Monty Python and the Holy Grail*, *American Hustle*, *The Hunger Games* among others) the History Channel(s), HBO, music, handball, and (most of the time ;o) Texas Tech athletics.

Folks, I am here to help. Contact me with your your questions and/or concerns asap. That's why I do this for a living.

Let's have a good session.

Expectations for Engagement for Instructor:

As an instructor, I understand the importance of clear, timely communication with my students. In order to maintain sufficient communication, I will

- provide my contact information at the beginning of the syllabus;
- respond to all messages within 24 hours if received Monday through Thursday, and within 48 hours if received Friday through Sunday; and,
- notify students of any extended times that I will be unavailable and provide them with alternative contact information (for me or for my supervisor) in case of during the time I am unavailable.

As an instructor, I understand that my students will work to the best of their abilities to fulfill the course requirements. In order to help them in this area, I will

- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will

- post grades for discussion postings within one week of the discussion thread closing.
- provide grades for major assignments within 2 weeks of the due date or at least 3 days before the next major assignment is due, whichever comes first.

Grading

Make-up policy: Remember that making up a missed examination is a privilege and NOT a right! If you have to miss an exam, contact me for further instructions. I reserve the right to have make-ups administered in a proctored situation, such as the OC Testing Center, Student Success Center, or the LRC. Also, keep in mind that there will be NO make-ups for missed chapter quizzes and/or other assignments!!

Grading policy: All examinations are equally weighted. The major exams are worth 100 points each and

the assignments/quizzes are worth 20 points each. Final semester grades are based on the following scale: 90-100 = A, 80-89 = B, 70-79 = C, 60-69 = D, and below 60 = F. To arrive at your semester average, divide the total number of points scored by the total number of possible points (e.g. – 350 total points scored divided by 500 possible points = .70 or 70 which would translate into a C for the semester grade).

Also, keep in mind that once a grade is assigned, it is final!!! The need to retain eligibility, please your parents, get into law school, med school, grad school, etc., may be important reasons to change a grade, but they are not valid. A final semester grade is just that – final.

Student Course Participation

As a student, I understand that I am responsible for keeping up with the course. To help with this, I will

- identify alternative computer and internet access in case my primary computer crashes or my internet service is unavailable;
- recognize that the college provides free wi-fi and computer labs during regular campus hours to help me with accessing my course; and,
- understand that my instructor does not have to accept my technical issues as a legitimate reason for late or missing work if my equipment or service is unreliable.

As a student, I understand that it is my responsibility to communicate quickly with the instructor any issue or emergency that will impact my involvement with or performance in the class. This includes, but is not limited to

- getting “kicked off” of the system during tests or quizzes;
- having trouble submitting assignments; and
- dealing with a traumatic personal event.

As a student, I understand that it is my responsibility to understand course material and requirements and to keep up with the course calendar. While my instructor is available for help and clarification, I will

- seek out help from my instructor and/or from tutors;
- ask questions if I don't understand; and
- access my course several times during the week to keep up with assignments and announcements.

Institutional Core Objectives (COs)

Description of Core Objectives (CO’s)

Given the rapid evolution of necessary knowledge and skills and the need to take into account global, national, state, and local cultures, the core curriculum must ensure that students will develop the essential knowledge and skills they need to be successful in college, in a career, in their communities, and in life. Therefore, with the assistance of the Undergraduate Education Advisory Committee, the Coordinating Board has approved guidelines for a core curriculum for all undergraduate students in Texas.

Through the application and assessment of objectives within the institution's core curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world; develop principles of personal and social responsibility for living in a diverse world; and advance intellectual and practical skills that are essential for all learning. Appropriate Odessa College faculty periodically evaluates all of the courses listed in the descriptions on the following pages of this catalog and keys them to Odessa College's Institutional Core Objectives (ICOs), as defined by the Texas Higher Education Coordinating Board (THECB). (Source: *Odessa College Catalog of Courses 2012-2013, page 73*)

Odessa College's Core Objectives (COs):

1. *Critical Thinking Skills* - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
2. *Communication Skills* - to include effective development, interpretation and expression of ideas through written, oral and visual communication
3. *Empirical and Quantitative Skills* - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
4. *Teamwork* - to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal
5. *Personal Responsibility* - to include the ability to connect choices, actions and consequences to ethical decision-making
6. *Social Responsibility* - to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities

Course Objectives

Since 1929, the Texas state legislature required that public college and university students complete six semester-hours in American national, state, and local government. The survey course in national government is designed not only to meet that requirement but also to provide you with the basic knowledge and understanding of government activity at the federal level. This course should also give you a better understanding of certain germane disciplines such as history, sociology, philosophy, literature, and economics while preparing you for careers in teaching, public service and the law. You may also benefit from taking a course such as this by not only learning how government affects your life but how you can affect public policy.

Learning Outcomes

Upon completion of this course, the student will be able to:

1. Explain the origin and development of constitutional democracy in the United States.
2. Demonstrate an understanding of our federal system.
3. Describe separation of powers and checks and balances in both theory and practice.
4. Demonstrate knowledge of the legislative, executive, and judicial branches of the federal government.
5. Evaluate the role of public opinion, interest groups, and political parties.
6. Analyze the election process.
7. Describe the rights and responsibilities of citizens.
8. Analyze issues and policies in U.S. politics.
