Assignments: The examinations will begin with Chapter Sixteen and continue through Chapter Twenty-nine plus the final exam. The first exam will open at 7:00 am on Monday, June 9, 2014 and will remain open until 7:00 am, Tuesday, June 10, 2014. Your first exam will be slightly different from the other exams since this is the first day of the semester and there are always some “start-up issues”. Therefore, your first exam will be a twenty question quiz over Chapter Sixteen that will be counted as extra-credit at the end of the semester. After that exam, we will be covering Chapters Seventeen through Twenty-nine. Each exam will open at 7:00 am and close at 7:00 am. Your Chapter Seventeen exam will open on Wednesday, June 11, 2014 and close on Thursday, June 12, 2014. The Chapter Eighteen exam will open on Friday, June 13, 2014 and close on Saturday, June 14, 2014. You will essentially be reading a chapter one day and testing the next for the entire semester ***week-ends included***with the exception of the week-end of July Fourth. By the week-end of the fourth, we will have completed all the chapters through Chapter Twenty-eight. You will have Friday, July 4, 2014 through Sunday, July 6, 2014 off. Monday, July 7, 2014, will be a reading day and your last exam prior to the final will open Tuesday, July 8, 2014 at 7:00 am. You may take your exam at any time during the testing window (please note - the exam is only open for twenty-four hours), and once the exam closes, it will not be re-opened. These assignments will consist of some type of multiple choice question, fill in the blank, true/false, or possibly a combination of these formats. Your final exam will be made available on Thursday, July 10, 2014, at 7:00 am. It will remain open until 10:00 pm that same day. Your final exam will be a comprehensive exam and will consist of fifty questions taken from previous exams. All course work will be submitted through the blackboard system and each assignment will be announced through the announcement icon on the course website. This makes activating your student email account and checking it daily mandatory. All critical information pertaining to any course work is always sent via the OC system and ALL communication will be sent via the OC system. I will not respond to personal email accounts (assuming I get them).

Grading Policy: All assignments weigh equally . Final semester grades will be based on the following averages: 90-100 = A, 80-89 = B, 70-79 = C, 60-69 = D, below 60 = F.

General Guidelines:

- 1). As with any "cyber-space class" there can be glitches in the system. Power failures, storms, viruses, spilled drinks, personal emergencies can all interfere with our success. Hopefully, none of these things will occur, but if they do, simply contact me through one of the contact points provided in this syllabus and we will attempt to fix the problem. When emails are sent, it would be prudent to note that common courtesy is expected and will be given in return.
- 2.) Make-up opportunities are a privilege and not a right, so please note that those situations are decided by me. IF a make-up opportunity does become necessary, there will be only one opportunity per customer, and you will be contacted by me via e-mail with instructions concerning any such opportunity. "Family emergencies" do happen for all of us but be careful with that excuse; I may ask for documentation.
- 3.) Plagiarism will not be tolerated and any such action will result in an automatic zero.
- 4.) It is always a good idea to check your email daily for any course you are taking.
- 5.) It is always my intention to respond to you within 24 hours of your contact, but emergencies happen for me as well and I will respond to your contact as soon as possible.
