- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

- recognize that the college provides free wi-fi, computer labs, and library resources during regular campus hours to help me with completing my assignments; and,

Course Policies

Disclaimer

This syllabus is tentative and subject to change in any part at the discretion of the instructor. Any changes will be in accordance with Odessa College policies. Students will be notified of changes, if any, in a timely manner.

Original Effort

The work submitted for this course must be original work prepared by the student enrolled in this course.

Digital Protocol

BMGT 1309 Information and Project Management

Cell phones must be placed on either *vibrate* or *silent* mode and are to be accessed in emergency cases only. The use of laptops or any other digital device is permitted in order to facilitate learning.

For online submissions, the electronic recording of the time on Blackboard will be considered the time of assignment submission. Take necessary steps to ensure that your assignments are submitted on “Blackboard” time. Back-up and/or additional copies of all assignments submitted is encouraged. Computers/printers are available to OC students in the LRC (301-303); therefore, not having access to a computer due to technical issues (crash; corrupted files) will not be considered as an acceptable reason for not completing assignments. If there is a loss of server connection with Odessa College due to maintenance, then an email will be sent to students with pertinent information and status reports. Assignments submitted electronically need to follow the file-type requirements provided by the instructor.

Attendance Policy

Students are expected to attend class regularly and attendance will be taken. Preparedness and purposeful participation are the first two elements of the grading criteria. Being prepared means having the tools you need to take notes or to complete an assignment (book, pen, pencil, paper, etc.) This is not strictly a lecture course. Students will be required to actively participate in the discussions, both individually and in assigned groups. You cannot participate if you are not present in class, and purposeful participation is difficult to achieve if you are not prepared. If you must be absent, please contact your instructor before the absence if possible or as soon after the missed class as possible to make arrangements for the make-up work or missed assignments. Missed exams MUST be cleared and approved with the instructor prior to the beginning of the class start time in order to be made up. This is your responsibility. Show respect to everyone in the class by communicating appropriately and purposefully.
