I see it as my duty to give the highest grade possible while still being fair to other students. I will never approach grading trying to take away points, but rather I will approach grading trying to give you everything you have earned.

I look forward to teaching this course!

Course Policies

Disclaimer

This syllabus is tentative and subject to change in any part at the discretion of the instructor. Any changes will be in accordance with Odessa College policies. Students will be notified of changes, if any, in timely manner. This syllabus is not a student-instructor contract but rather a document to help orient you to this course. I, as an instructor, cannot force you to learn so there is no "product" I can give you for your money. I will do my best to help you understand the material but remains the students’ responsibility to learn from the material and course set up.

Original Effort

The work submitted for this course must be original work prepared by the student enrolled in this course. Efforts will be recognized and graded in terms of individual participation and in terms of ability to collaborate with other students in this course.

Because this course is online the opportunities to submit work were you received help or to "Google" answers are ubiquitous. This course relies heavily on the honor system and you should remember that copying or googling answers is disrespectful to everyone around you.

Digital Protocol

Cell phones must be placed on either *vibrate* or *silent* mode and are to be accessed in emergency cases only. The use of laptops or any other digital device is permitted in order to facilitate note-taking relative to instruction. Any written assignments will be submitted electronically on Blackboard. **The electronic recording of the time on Blackboard will be considered the time of assignment submission. Take necessary steps to ensure that your assignments are submitted on “Blackboard” time.** Back-up and/or additional copies of all assignments submitted is encouraged. **Computers/printers are available to OC students in the LRC (301-303); therefore, not having access to a computer due to technical issues (crash; corrupted files) will not be considered as an acceptable reason for not completing assignments.** If there is a loss of server connection with Odessa College due to maintenance, then an email will be sent to student with pertinent information and status reports. Assignments submitted electronically need to be **WORD documents (doc or docx).**

Attendance Policy

Web Classes:

Though we ***strongly*** encourage students to log in to Blackboard at least once a day to check announcements and assignments, a student will only be expected to log in at least once within a Module Week. (Modules open on the Mondays at 8 a.m. and close on Sundays at 11:59 p.m.) If a student logs in once within a Module Week, then that student will be in compliance with the online attendance policy.

Face-to-face course attendance policy:

Your face to face course is eight weeks long and will meet for six hours each week. The OSET instructors ***strongly*** encourage attendance to every face-to-face class meeting. If a student misses three class meetings, then the student’s overall course grade will be reduced by a letter grade at the end of the course. If a student misses more than four course meetings, then the student will fail the course.

The OSET instructors realize that emergencies happen. Absences will be excused for the following reasons:

- A family emergency (The OSET Department instructors will consider family emergency events on a case-by-case basis)
- Illness with a doctor’s note

Please note that having to work, the inability to find a babysitter, illness that does not require a doctor visit, technological malfunctions, needing to take a pet to the vet, or lack of transportation will not be considered as excused absences.

Hybrid course attendance policy:

Hybrid courses require students attend a face-to-face section of the course (see your course schedule for days and times) ***AND*** complete online requirements outside of class in the course’s Blackboard shell.

For the online portion of the hybrid course:

Though we ***strongly*** encourage students to log in to Blackboard at least once a day to check announcements and assignments, a student will only be expected to log in at least once within a Module Week. (Modules open on the Mondays at 8 a.m. and close on Sundays at 11:30 p.m.) If a student logs in once within a Module Week, then that student will be in compliance with the online attendance policy for the online portion of this course.

For the face-to-face portion of the hybrid course:

Throughout your hybrid course, you will meet with your instructor in a face-to-face format for three hours a week. These courses are eight week courses. The OSET instructors ***REQUIRE*** attendance to every face-to-face class meeting. If a student misses two class meetings, then the student’s overall course grade will be reduced by a letter grade at the end of the course. If a student misses more than three course meetings, then the student will fail the course.

The OSET instructors realize that emergencies happen. Absences will be excused for the following reasons:

- A family emergency (The OSET instructors will consider family emergency events on a case-by-case basis)
- Illness with a doctor’s note

Please note that having to work, the inability to find a babysitter, illness that does not require a doctor visit, technological malfunctions, needing to take a pet to the vet, or lack of transportation will not be considered as excused absences.

Grade Inquiry Policy

It is the responsibility of the individual taking this course to maintain accurate track of assignment submissions and grades. There will be opportunities during the semester to contact the instructor to discuss your academic progress. Contact the instructor to schedule an appointment. Class time will not be used for grade inquiries. All grades are final.

Be sure to use the grading policy to guide how you calculate your score. Assignments, tests, quizzes, and discussions are all weighted differently (discussions fall under the class participation category). Use those respective weights to calculate your grade. For example: If I have 85 points out of a possible 100 in quizzes, and quizzes are worth 10% of my grade I would use $(85/100)*0.10$ for that portion of my grade. I would then do the same set up but change the numbers to reflect the appropriate score and weight for all categories. Finally, I would sum up all of the results and that should give you your percentage in this class.

General Course Requirements

1. Attend class and participate.
2. Contribute and cooperate with civility.
3. **Submit assignments on time. Late work will not be accepted. Medical and/or family circumstances that warrant an extension on assignments need to be presented to the instructor. Extensions will be allowed at the instructor's discretion.**

Incomplete Policy

An 'Incomplete' grade may be given only if:

1. The student has passed all completed work
2. If he/she has completed a minimum of 75% of the required coursework. A grade of an "I" will only be assigned when the conditions for completions have been discussed and agreed upon by the instructor and the student.
