competencies in verbal and written communication skills through oral and written presentations.

Grading

Expectations: This is a college level course and you will, therefore, be expected to uphold established college standards as outlined in the most recent Odessa College Bulletin. Your final grade will be based upon a combination of the following factors:

1. Preparedness
2. Purposeful participation in the classroom discussion
3. Ability to relate and apply the concepts discussed in the course
4. Scores on exams, projects, and other assignments
5. Score on final exam

Note that preparedness and purposeful participation are the first two elements of the grading criteria. This is **not** strictly a lecture course. Students will be required to actively participate in the discussions, both individually and in assigned groups. You cannot participate if you are not present in class, and purposeful participation is difficult to achieve if you are not prepared. If you must be absent, please contact your instructor before the absence if possible or as soon after the missed class as possible to make arrangements for the make-up work or missed assignments. **This is your responsibility.** Show respect to everyone in the class by communicating appropriately - do not sleep or put your head or feet on the tables or chairs. Cell phones should be placed on either *vibrate* or *silent* mode and are to be accessed in emergency cases only

There are projects and/or assignments associated with this course as well as a Final Exam. The assignments must be completed and turned in by due date. Your grade will be posted to the gradebook located on Web Advisor. Your grade will be a compilation of the following categories:

1.	Attendance	25%
2.	Homework/Research	20%
3.	Quizzes	20%
4.	Class Work	15%
5.	Final Exam Presentation	20%

The projected cutoff point for A's, B's, C's, and D's are based on a 90%, 80%, 70%, and 60%, respectively. At the end of the semester these projected cutoff points will

be adjusted (i.e. raised or lowered) in order to reflect the overall performance of the class. Thus the actual grade will not be known with certainty until after the semester is over.

Student Course Participation

As a student, I understand that I am responsible for keeping up with the course. To help with this, I will

- identify alternative computer and internet access in case my primary computer crashes or my internet service is unavailable;
- recognize that the college provides free wi-fi and computer labs during regular campus hours to help me with accessing my course; and,
- Understand that my instructor does not have to accept my technical issues as a legitimate reason for late or missing work if my equipment or service is unreliable.

As a student, I understand that it is my responsibility to communicate quickly with the instructor any issue or emergency that will impact my involvement with or performance in the class. This includes, but is not limited to

- getting “kicked off” of the system during tests or quizzes;
- having trouble submitting assignments; and
- dealing with a traumatic personal event.

As a student, I understand that it is my responsibility to understand course material and requirements and to keep up with the course calendar. While my instructor is available for help and clarification, I will

- seek out help from my instructor and/or from tutors;
- ask questions if I don't understand; and
- access my course several times during the week to keep up with assignments and announcements.

As a student, I understand that I will have the opportunity to provide feedback on my experience in this course through an end-of-course Student Evaluation of Instruction (SEI).
