Favorite Quote:

"Education is not the filling of a pail, but the lighting of a fire" William Yeats, Irish Poet

I appreciate this quote most when I think back to my first days in higher education. I was fortunate to have two exceptional professors who had a depth of knowledge coupled with a desire to help their students achieve their goals. They spent much of their time with many students like me who wanted to know more than just what the texts said and how it all worked in the real world. These professors effectively lit the fire of life-long learning for me and as mentors have helped lead me to an amazing career in law enforcement and now on to a career in teaching where my hope is that I can do the same for someone else. Our (my) success comes from helping to light this fire and help you realize your goals in whatever career path that you choose.

About Your Instructor

I am a 32 year veteran of Massachusetts municipal law enforcement and 30 years as an adjunct staff instructor for the Massachusetts Municipal Police Training Committee. I began my career in 1979 with the Deerfield, MA Police Department where I served for 10 years as a Patrol Officer, Field Training Officer, Firearms and Use of Force Instructor, DARE Officer and Accident Investigator. I accepted a position with the Greenfield, MA Police Department in 1989 and spent the remaining 22 years of my career within that agency serving in the ranks of Patrol Officer, Detective/Narcotics and major crimes, Patrol Sergeant, Detective Sergeant and for 7 years as Captain. While with the Greenfield Police Department, I was assigned as its regional Drug Task Force officer and later as the Commanding Officer for the 32-agency Task Force. I have also been assigned as Firearms and Use of Force instructor, Special Response Team (SRT) Cell Leader, Sniper/Observer, Training Officer, SRT Commanding Officer as well as Executive Officer. Since 1983, I have taught numerous and varied topical areas for the statewide Massachusetts Municipal Police Training Committee for part-time officers, recruit officers, supervisors and Command Staff officers. I have run several part-time police officer academies and have been very involved in teaching and revising the state's Field Training Officer Program, mandatory annual Legal Issues/Update course and most recently its Instructor Development certification program. I have served on Massachusetts statewide steering committees for Legal Issues/Updates and Instructor Development and I hold a Level IV Master Instructor Development Instructor Trainer certification. I have also taught in the Criminal Justice program for the Greenfield, MA Community College as an adjunct instructor and for Post University in Waterbury, CT as well.

Preferred Method of Communication:

Email at jnewton@odessa.edu is likely the best and most effective method of communicating with me. My office phone number is 432.335.6332. In case of an emergency or serious issue, call or text to my cell phone during reasonable hours at 413.522.4073.

Expectations for Engagement for Instructor:

The field of Criminal Justice is not for the shy or timid. As such, I want all students to not be afraid to interact, express yourselves and engage in argumentation in a respectful and appropriate manner. I want you to learn as much from your fellow students as you will from the textbook or from me.

As an instructor, I understand the importance of clear, timely communication with my students. In order to maintain sufficient communication, I will:

- provide my contact information at the beginning of the syllabus;
- respond to all messages within 24 hours if received Monday through Thursday, and within 48 hours if received Friday through Sunday, and;
- notify students of any extended times that I will be unavailable and provide them with alternate contact information (for me or my supervisor) during such time as I am unavailable.

As an instructor, I understand that my students will work to the best of their abilities to fulfill the course requirements. In order to help them in this area, I will

- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will:

- post grades for discussion postings within one week of the discussion thread closing.
- provide grades for major assignments within 2 weeks of the due date or at least 3 days before the next major assignment is due, whichever comes first.

Student Course Participation

As a student, I understand that I am responsible for keeping up with the course. To help with this, I will

- identify alternative computer and internet access in case my primary computer crashes or my internet service is unavailable;
- recognize that the college provides free wi-fi and computer labs during regular campus hours to help me with accessing my course; and,
- understand that my instructor does not have to accept my technical issues as a legitimate reason for late or missing work if my equipment or service is unreliable.

As a student, I understand that it is my responsibility to communicate quickly with the instructor any issue or emergency that will impact my involvement with or performance in the class. This includes, but is not limited to

- getting “kicked off” of the system during tests or quizzes;
- having trouble submitting assignments; and
- dealing with a traumatic personal event.

As a student, I understand that it is my responsibility to understand course material and requirements and to keep up with the course calendar. While my instructor is available for help and clarification, I will:

- seek out help from my instructor and/or from tutors;
- ask questions if I don’t understand; and
- access my course several times during the week to keep up with assignments and announcements.

As a student, I understand that I will have the opportunity to provide feedback on my experience in this course through an end-of-course Student Evaluation of Instruction (SEI).

Course Description

Through the use of case studies and articles pertinent to contemporary issues in criminal justice, the student will become thoughtfully engaged in the ways in which they can bring academic knowledge of the system and the “real world” together. The student will more fully expand their understanding of foundational principles and workings of the criminal justice system through realistic situations and events. This increased understanding will allow the student to put their knowledge into action as an agent of change and contribute in a positive way to bettering their chosen professional path within the field.

Course Student Learning Outcomes:

Upon completion of this course, the student will be able to:

1. Discuss using existing foundational knowledge the significant differences between purely academic methodologies applied to contemporary issues in criminal justice and the practitioners approach;
2. Compare and contrast the roles of academic study and practical application in creating effective strategies and methodologies to address issues in criminal justice;
3. Identify and discuss opportunities to repair the division between and connect academic study and practical applications to create effective approaches to issues.

Grading

Type of Assignment	Percentage/Points
Syllabus Quiz	10%
Response Question Assignments	30%
3-2-1 Chapter Sheets	30%
Final Written Project	30%
	TOTAL 100%

Grading Scale:

- "A" = 90-100
- "B" = 80-89
- "C" = 70-79
- "D" = 60-69
- "F" = 0-59

UNEXCUSED ABSENCES AND GRADING:

Students are expected to attend all scheduled classes. **Face-to-Face students** will sign in or be "roll-called" for each class at the instructor's discretion. More than **three (3)** unexcused absences will result in the students course grade being reduced by one full grade. Being tardy for class without appropriate excuse **five (5) or more** times will result in the students course grade being reduced by one-half of a grade and **eight (8) or more** unexcused late arrivals will result in a reduction of one full grade. **For online students**, it is expected that students will log in as often as necessary to accomplish all assignments for each week working period. A failure to login for two of any of the working week segments will result in the student's course grade being reduced by one full grade in addition to the grade impact for the work not completed. **FOR DUAL-CREDIT STUDENTS:** Be aware that OC instructors **do not** have the authority to excuse you from any class session. All tardiness and absence **MUST** be reported to your high school attendance clerk. Your OC instructor submits student attendance daily through the ECISD txConnect portal which is also where they will make the determination as to whether a student has been excused or is truant, therefore it is essential that dual-credit students ensure for the accuracy of their own attendance with their respective high school attendance clerk.

Course Policies:

Disclaimer

This syllabus is tentative and subject to change in any part at the discretion of the instructor. Any changes will be in accordance with Odessa College policies. You, as a student will be notified of changes, if any, in a timely manner.

Original Effort

The work submitted for this course must be original work prepared by the student enrolled in this course. Written assignments will generally be required to be submitted through Blackboard's SafeAssign

Digital Protocol

Cell phones in face-to-face classes must be placed on either *vibrate* or *silent* mode and are to be accessed in emergency cases only. Texting, use of email, social media or any similar distracting technology on smart devices is strictly prohibited during class times. The use of laptops or any other digital device is permitted in order to facilitate learning. Similarly to cell phones and smart devices, they shall not be used for messaging, use of email, social media or any similar distracting purposes during class times. The instructor reserves the right to ban the use of any technology upon reasonable warnings and continued violations.

For online submissions, the electronic recording of the time on Blackboard will be considered the time of assignment submission. Take necessary steps to ensure that your assignments are submitted on “Blackboard” time. Back-up and/or additional copies of all assignments submitted is encouraged. **Computers/printers are available to OC students in the LRC (301-303); therefore, not having access to a computer due to technical issues (crash; corrupted files) will not be considered as an acceptable reason for not completing assignments.** If there is a loss of server connection with Odessa College due to maintenance, then an email will be sent to students with pertinent information and status reports. Assignments submitted electronically need to follow the file-type requirements provided by the instructor.

Assignment, Make-up Work & Late Submission Policy:

Submit assignments on time. Late work will not be accepted. Medical and/or family circumstances that warrant an extension on assignments need to be presented to the instructor. Extensions will be allowed solely at the instructor's discretion. Where a student is absent and not officially excused for a valid reason no homework or outside class assignments will be accepted late. Should such a student (unexcused) miss a scheduled quiz or examination, there will be no opportunity to make up such quiz or exam. For Dual-Credit students, in accordance with this syllabus and proper protocol, any absence or tardiness must be reported primarily to the student's respective high school. The instructor shall use the student's high school attendance record to determine whether any absence is properly excused and may warrant consideration or not.

Attendance Policy

Students are expected to attend all scheduled classes. Face-to-Face students will sign in or be "roll-called" for each class at the instructor's discretion. More than **three (3)** unexcused absences will result in the student's course grade being reduced by one full grade. Being tardy for class without appropriate excuse **five (5) or more** times will result in the student's course grade being reduced by one-half of a grade and **eight (8) or more** unexcused late arrivals will result in a reduction of one full grade.

For dual-credit students, all absences **must** be reported and excused through their respective high school. Odessa College instructors **do not** have the ability to excuse students on behalf of their schools. Tardiness for the purposes of Odessa College classes will be examined on a case-by-case basis. It is the responsibility of the tardy student to approach and advise the instructor of the reasons why they were late. Where a student fails to advise the instructor or where the instructor deems in their sole discretion that the reasons for tardiness is unacceptable, the tardiness shall stand. Students should be aware that all attendance, to include absences and tardiness are reported daily by Odessa College instructors to their respective high schools attendance clerks.

For online students, it is expected that students will log in as often as necessary to accomplish all assignments for each week working period. The student must log into the Blackboard course not less than once per week, and should log in sufficiently often so as to be sure that the week's coursework is understood, any materials or documents are downloaded for use and any audio/video associated with each lesson is listened to and/or viewed so that assignments may be thoroughly completed and submitted as necessary. A failure to login for two of any of the working week segments will result in the student's course grade being reduced by one full grade in addition to the grade impact for the work not completed.

Professionalism

As in all workforce venues, but possibly most essential in professions such as criminal justice areas, being present on time, prepared, engaged and ready for assignments and duties when expected and needed is critical. In this light, student behaviors such as timely Attendance, Class Participation, timely Fulfillment of Assignments, and active Classroom Engagement and Participation will cumulatively combine to effect the student's grade by **5%**.

AVID

There will be a variety of AVID strategies utilized during the course. Predominantly, Guided Lecture Notes with Key Terms associated with each reading assignment as well as a 3-2-1 sheet will be used for each chapter. Reading is expected to be done outside of class and the Guided Lecture Notes and Key Terms will be completed to aid in retention, focus on important concepts and information and to aid in study. The 3-2-1 sheets will also be done outside of class and brought each day to provide focused discussion material on information that the students found particularly interesting, that they newly learned or that they do not understand as well as they would like to which will form the general daily class interaction.

Grade Inquiry

It is the responsibility of the student to keep track of assignment submissions and grades. Grades will be posted in a reasonable time period in the Blackboard shell and each student is expected to regularly access the course shell. At any point, you are welcome to meet with or otherwise contact the instructor to discuss your academic progress or issues. Students are encouraged to take full advantage of instructor office hours whenever possible and also to contact the instructor to schedule an appointment.

General Course Requirements

1. Attend class and participate fully.
2. Contribute and cooperate with civility.
3. **Submit assignments on time. Late assignments will generally not be accepted except under exceptional and extenuating circumstances and in the sole discretion of the instructor.**

Incomplete Policy

An 'Incomplete' grade may be given only if:

1. The student has passed all completed work
2. If he/she has completed a minimum of 75% of the required coursework. A grade of an "I" will only be assigned when the conditions for completions have been discussed and agreed upon by the instructor and the student.
3. An Incomplete form is submitted

Description of Core Objectives (CO's)

Given the rapid evolution of necessary knowledge and skills and the need to take into account global, national, state, and local cultures, the core curriculum must ensure that students will develop the essential knowledge and skills they need to be successful in college, in a career, in their communities, and in life. Therefore, with the assistance of the Undergraduate Education Advisory Committee, the Coordinating Board has approved guidelines for a core curriculum for all undergraduate students in Texas.

Through the application and assessment of objectives within the institution's core curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world; develop principles of personal and social responsibility for living in a diverse world; and advance intellectual and practical skills that are essential for all learning. Appropriate Odessa College faculty periodically evaluates all of the courses listed in the descriptions on the following pages of this catalog and keys them to Odessa College's Institutional Core Objectives (COs), as defined by the Texas Higher Education Coordinating Board (THECB). (Source: Odessa College Catalog of Courses 2014-2015, page 72)

A copy of the student’s orders must be presented to the Registrar’s Office at the time of the withdrawal. For details, please contact the Office of the Registrar. **No longer attending class does not automatically constitute withdrawal from that class, nor does a student’s notification to an instructor that the student wishes to be dropped. Failure of a student to complete the drop/withdrawal process will result in a grade of “F.”** (Source: *Odessa College Catalog of Courses 2014-2015, page 39*)
