About Your Instructor

During my sophomore year in high school I was sure that I wanted to become a teacher. Therefore I began looking at colleges that would give me the best preparation. I chose Wayland Baptist University where a great math teacher, Dr. Phil Almes, influenced me. Dr. Almes taught me to think higher. He told jokes in class to help you remember the content. After taking his classes I knew I wanted to teach math. I also became interested in teaching at the college level. That interest is still inside me and has been confirmed by being able to teach at the Odessa College Pecos Campus. I teach two developmental math classes, enjoy the students and being able to make them like math again. So many students hate math and create mental blocks. I enjoy breaking down those walls. I believe that my most significant contribution in education is making students love math, or at least not be so afraid. Students love to learn by doing and I try to have projects that students can do in class and learn content while actually participating in their own education.

Preferred Method of Communication:

Text or Phone

Expectations for Engagement for Instructor:

- notify students of any extended times that I will be unavailable and provide them with alternative contact information (for me or for my supervisor) in case of during the time I am unavailable.

As an instructor, I understand that my students will work to the best of their abilities to fulfill the course requirements. In order to help them in this area, I will

- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will

- post grades for discussion postings within one week of the discussion thread closing.

A copy of the student’s orders must be presented to the Registrar’s Office at the time of the withdrawal. For details, please contact the Office of the Registrar. **No longer attending class does not automatically constitute withdrawal from that class, nor does a student’s notification to an instructor that the student wishes to be dropped. Failure of a student to complete the drop/withdrawal process will result in a grade of “F.”** (Source: *Odessa College Catalog of Courses 2012-2013, page 36*)
