INFORMATION ABOUT THE COURSE

Course Description

Collection, analysis, presentation, and interpretation of data, and probability. Analysis includes descriptive statistics, correlation and regression, confidence intervals, and hypothesis testing.

Course Prerequisites

MATH 0375 passed with a “C” or better or satisfactory placement score.

REQUIRED MATERIALS

<u>MyStatLab</u>	MyStatLab access is required, and students can register for access at http://www.mystatlab.com . Computers are available at several places on campus including the Math Lab (WOOD 201) and the library. The Course ID for this section of Business Statistics is jaster87728.
<u>Calculator</u>	A scientific calculator is required. The TI-30 is a relatively inexpensive calculator which is satisfactory for the course.
<u>Paper</u>	Standard-size loose-leaf notebook paper.
<u>Pencils</u>	Pencils for labs, quizzes, and exams.

OPTIONAL MATERIALS

<u>Textbook</u>	A hard copy of <i>Statistics for Business and Economics</i> by McClave, Benson, and Sincich, 12 th Ed. (ISBN-13: 978-0321826237). Although MyStatLab includes online access to the textbook, students may find a hard copy more convenient to access and easier to read. New hard copies may include a MyStatLab access code.
-----------------	--

GRADING

At the end of the semester each student's weighted average is computed using the following percentages.

Labs	15%
Quizzes	20%
Exam 1-4 (10% each)	40%
Final Exam	25%
Total	100%

Letter grades are assigned according to the student's weighted average.

Semester Grade	Weighted Average
A	90-100
B	80- 89
C	70- 79
D	60- 69
F	0- 59

Labs, quizzes, and exams submitted for grading must be completed neatly in pencil. Work must be completed on standard-size loose-leaf notebook paper if paper is not supplied in class.

Labs (15%)

Lab assignments are contained in MyStatLab. The lowest lab score is dropped before computing the semester average. The last lab (Lab 8) counts as two lab scores (only one of which may be dropped).

Quizzes (20%)

Quizzes are given at the end of most weeks and consist of previously assigned homework problems. The lowest quiz score is dropped before computing the semester average.

Exams (65%)

There are four exams and a final exam. One score from exams 1-4 (and no more than one) may be replaced by the final exam score.

The dates of all quizzes and exams, and the due dates for all labs, appear in the Course Calendar below.

Late Labs, Make-Up Quizzes, & Make-Up Exams

Late labs are accepted, and make-up quizzes and make-up exams are available, only for (1) required participation in an Odessa College athletic event, or (2) the observance of a religious holy day (as defined by Texas Education Code §51.911(2b)). Students are required to notify the instructor prior to any such absence and submit any requested documentation.

STUDENT COURSE PARTICIPATION

As a student, I understand that I am responsible for keeping up with the course. To help with this, I

- will identify alternative computer and internet access in case my primary computer crashes or my internet service is unavailable;
- recognize that the college provides free wi-fi and access to computer labs during regular campus hours to help me with in completing any online assignments; and,
- understand that late work will not be accepted due to technical issues that may arise due to unreliable equipment or service.

As a student, I understand that it is my responsibility to communicate quickly with the instructor any issue or emergency that will impact my involvement with or performance in the class. This includes, but is not limited to

- getting “kicked off” of the system during tests or quizzes;
- having trouble submitting assignments; and
- dealing with a traumatic personal event.

As a student, I understand that it is my responsibility to understand course material and requirements and to keep up with the course calendar. I will

- seek out help from my instructor and/or from tutors;
- ask questions if I don’t understand; and
- access my course regularly to keep up with assignments, and
- for online courses, check my email frequently so that I am aware of any important announcements.

As a student, I understand that I will have the opportunity to provide feedback on my experience in this course through an end-of-course Student Evaluation of Instruction (SEI).
