Ranking Protocols

It is required that all prerequisite courses, as well as highly recommended that some general education courses within the degree plan be completed on a transcript prior to ranking for it to be competitive. Ranking courses within the degree plan is a good measure in which performance most reliably predicts future ability to perform successfully in the program. The ranking GPA is calculated based on the following courses. In addition, each course grade earns the following; A=3 points, B=2 points, C=1 point, D=not accepted. Substitution courses with a grade of "P or S" or passing equals 1 point.

Deadlines for Completing Specialized Admissions Requirements

Initial application period is **October** for the following Spring semester. A second application period will be conducted in January prior to the start of the Spring semester for incomplete applications submitted after the October application period.

Pre-program Specific Requirements

Applicants for the EMSP-Paramedic Program must also meet all pre-program specific requirements prior to qualifying for ranking. The following is required for all applicants:

- Must complete the OC Admissions Application and gain acceptance to the college before applying to the program
